

Villa Christina

Descriere Villa Christina 4*

Villa Christina has wooded surroundings. A small road, leads you through the trees and down the hill to Vromolimnos beach in just 10 minutes. Vromolimnos is one of the best beaches on the island - sandy and long with no big hotel on it. It does, however, have a good taverna and a cafe-bar. Watersports can be had from the beach, and small motorboats can usually be hired for the day. Two or three other tavernas can be found on the main road a 15-20 minute walk from Villa Christina, as can a decent mini-market and the bus stop to town, but car or bike hire is recommended for your convenience.
